

Plant Avatar: The Ultimate Design Reference

1. The Healthy Hero (Healthy State)

- **Diseases Included:** leaf_healthy_leaf, tuber_healthy_tuber, 1-leaf_healthy, 9tuber_healthy, 10-tuber_healthy.
 - **Visual Symptoms:** Vibrant green color, firm leaves, glossy fruit, and sturdy stems.
 - **Avatar Design Concept:**
 - **Appearance:** Sparkling "Disney-style" eyes, a wide joyful smile, and a clean, glowing aura.
 - **Animation/Action:** A rhythmic, happy dance (swaying) with small green hearts or stars popping up around it.
 - **Vibe:** Pride and peak health.
-

2. The Suffocated (Fungal Diseases)

- **Diseases Included:** powdery_mildew, early_blight, late_blight, gray_mold, leaf_scorch, gray_spot, target_spot.
 - **Visual Symptoms:** Fuzzy gray/white patches, dusty "flour-like" spots, and brown concentric rings (bull's-eyes).
 - **Avatar Design Concept:**
 - **Appearance:** The plant's "arms" (leaves) are drooping heavily, covered in gray dusty patches.
 - **Animation/Action:** The plant is "coughing" out tiny gray clouds and looks physically weighed down.
 - **Vibe:** Heavy, tired, and unable to "breathe" properly.
-

3. The Melting (Bacterial Diseases)

- **Diseases Included:** leaf_bacterial_spot, Soft Rot, common_scrub, Angular_leafspot.
- **Visual Symptoms:** Water-soaked dark spots, slimy/mushy rot, and scabby or raised lesions.
- **Avatar Design Concept:**
 - **Appearance:** A dull, muddy green color with dark "liquid" spots. It looks like it is slightly "melting."
 - **Animation/Action:** The plant looks nauseous with half-closed eyes, and small liquid drops (dripping) fall from its leaves.
 - **Vibe:** Sick, weak, and physically "dissolving."

4. The Glitch (Viral Diseases)

- **Diseases Included:** `yellow_leaf_curl_virus`, `leaf_mosaic_virus`, `PSTVD`, `PLRV`, `leaf_mosaic`.
 - **Visual Symptoms:** Stunted growth, leaves curled upward like cups, and mottled yellow/green "mosaic" patterns.
 - **Avatar Design Concept:**
 - **Appearance:** A twisted or "glitched" body shape. Leaves have a camouflage (mosaic) pattern in yellow and green.
 - **Animation/Action:** A rapid, jittery "trembling" or "shivering" effect. The eyes are mismatched in size or looking in different directions.
 - **Vibe:** Confusion and internal "scrambled" energy.
-

5. The Itchy (Insects & Pests)

- **Diseases Included:** `tuta_absoluta`, `spider_mites`, `leaf_insects`, `leaf_nematode`.
 - **Visual Symptoms:** Visible holes (chewed tissue), fine webbing, transparent "tunnels" (mines), and tiny yellow stippling.
 - **Avatar Design Concept:**
 - **Appearance:** Tiny cartoon bugs are seen crawling on the leaves. The avatar has visible "bite marks" or holes in its body.
 - **Animation/Action:** The plant is constantly "shaking" or "scratching" itself. Its eyes are darting around in panic.
 - **Vibe:** Annoyance, panic, and extreme discomfort.
-

6. The Thirsty (Water & Physiological Stress)

- **Diseases Included:** `fruit_cracking`, `blossom_end_rot`.
 - **Visual Symptoms:** Deep splits in the fruit or skin and leathery black sunken patches at the bottom of the fruit.
 - **Avatar Design Concept:**
 - **Appearance:** Skin looks dry and cracked. The soil in the pot looks like cracked desert earth.
 - **Animation/Action:** The plant is "panting" (tongue out) with a large blue sweat drop on its forehead. It holds an empty glass.
 - **Vibe:** Dehydration and desperate for water.
-

7. The Hungry (Nutrient Deficiencies)

- **Diseases Included:** nutrient_deficiency, Calcium_deficiency.
 - **Visual Symptoms:** General yellowing (chlorosis) of leaves and brown, burnt-looking tips on new growth.
 - **Avatar Design Concept:**
 - **Appearance:** A very pale, washed-out yellow color. The eyes look dizzy (swirling spirals).
 - **Animation/Action:** The plant holds a fork and knife but has an empty plate. It looks faint and wobbles as if about to fall over.
 - **Vibe:** Starvation and dizziness.
-

8. The Sore (Environmental Stress)

- **Diseases Included:** dry_root, brown_root, black_scurf, Pink Rot, blackspot_Bruising, catfaced, Anthocyanosis.
 - **Visual Symptoms:** Purple/red tints on leaves, physical "bruises" or scars on tubers, and distorted shapes.
 - **Avatar Design Concept:**
 - **Appearance:** Purple-tinted cheeks and leaves. It has visible "bandages" (Band-aids) over the bruised spots.
 - **Animation/Action:** Shivering violently (if cold-related) or holding a "cold pack" against its bruised areas.
 - **Vibe:** Freezing, sore, and "beat up."
-
